Girl Keeps On

It isn't over yet or haven't you heard  
The perfect end that I should have the last word  
I'm always trying to keep a face that's brave  
Right before the moment that I first begin to cave

Mind over matter would do  
If I could just forget that I might be the one to lose

Only so far that I can go  
Only one life here I should know  
The girl just keeps on singing  
So I take what I've been given now

You look at me and think that I'm not afraid  
You feel so certain I can carry the weight  
I wish I was I wish I might be the one  
To stand alone, complete unknown, stare into the sun

Mind over matter, so true  
Unless you can't forget that you might be the one to  
lose

Only so far that I can go  
Only one life here I should know  
The girl just keeps on singing  
So I take what I've been given now  
The girl keeps on, the girl keeps on  
The girl keeps on, the girl keeps on  
The world keeps on, the world keeps on
