One Last time

So many faces behind me
Tell the story of those yet to come
I look for a place to define me
I don't have a single one
So I open my heart like a window
The cold rushes through once again
lucky could carry the moment
If only I knew when

Cause it wouldn't be just for a lifetime
It's not just my soul's content
Wait for love to rest quiet beside me
One last time

I've been thinking about forever
Could be its driving me mad
Walking through scenes
Of things that won't be
Losing what I never had
Time continues to wander
A sympathetic thought clears my mind
Lay me out, everything for a reason
Somehow this one is mine

Cause it wouldn't be just for a lifetime
It's more than my souls content
Wait for love to rest quiet beside me
One last time

It wouldn't be just for a lifetime
It's more than my souls content
Wait for love to rest quiet beside me
One last time
