Right On Time

Oh yeah, it's me
I guess I always thought you'd know
This face, my mistake, just like I suppose
I wanted more than anything to
leave you with my take on this but

I don't wanna beg, I don't wanna break
just so you might hear my side
Gotta get away, gotta get away
Forget this last goodbye

There was never enough, there is only what was
So let's lay it to bed, hurry before I get
so deep in, I can't let go
I know this end is right on time

Somehow, you get, dear departed off so easy
While I am left reeling to myself, who needs this?
Nothing now could save our day
There are no more hopes to raise

I don't wanna beg, I don't wanna break
just so you might hear my side
Gotta get away, gotta get away
Forget this last goodbye

There was never enough, there is only what was
So let's lay it to bed, hurry before I get
so deep in, I can't let go
I know this end is right on time
