I brown lady Gina she loved Gucci bags  
Had to put her on a thing cause she is truly bad  
Marc Jacobs .. she is about four but her ass enormous  
My other bitch she is from New Orleans  
Hit the mice right .. some sororities  
She has a Louis Bag her momma got a mall  
Spend five vouchers ten at the mall  
Put her head between my legs told her relax  
A fetish for the .. cost me about a thousand stacks  
Is the first of the month I am on my thirdly â€¦ and I  
Love my bitch so I buy what I want  
Talking diamond bracelets diamond necklace  
Fuck with me shorty you will be â€¦  
You will be in the good light where the bosses at  
Shorty got so many bags â€¦

Bad lady you are gonna heart yourself  
Hanging all the â€¦ got nobody else only ..  
I guess nobody told you  
Is you is you is you  
I won't stay in your way  
One day all the .. don't get in your way  
I said  
One day all the .. don't get in your way  
One day all the .. don't get in your way

Say everyday I have make up yeah that is .. shorty  
Good job two kids that is your future shorty  
She pulled up met me up in a new Ferrari  
Everyday she eat lobsters calamari  
Is till you catch her one day but I am here to tell her yes  
she need a break  
Let a real nigger get you on a real date you are ready  
at seven third  
Pick you up at eight no more quite moment yeah I like  
that  
I see no strong woman I like that ain't nobody with her  
heart  
She hit me right back I know when .. call me right back  
Good chemistry we got that the sex so good yes she  
bite that

Have to tell her ..Hollywood teach you the game just  
like a nigger should

Bad lady you are gonna hurt yourself  
Hanging all the â€¦ got nobody else only ..  
I guess nobody told you  
Is you is you is you  
I won't stay in your way  
One day all the .. don't get in your way  
I said  
One day all the .. don't get in your way  
One day all the .. don't get in your way

Let me make a prediction I am gonna fall in love with a  
bad bitch with an addiction  
She say Jimmy Choo the real cocaine even the markets  
are real don't pay  
Louis Vuitton queen and Alexander McQueen I am  
gonna buy everything that she wants  
And everything that she needs she says .. I am in love  
with them double Gs  
I say bitch I am in love with the double Ws so I buy  
Gucci and I am in love with that ..  
She got a new Rolli and a new .. she paid for it ..she hit  
the gym in Bronx ..  
When she got them on when she .. she put them on

Bad lady you are gonna hurt yourself yourself yourself
