A you my lil' secret  
That's how we gone keep it  
Say you got a man  
Ok  
That's how we gone keep it  
Stop  
Don't do that out in public  
You my lil' secret  
Nobody know we fuckin'  
(Repeat)

A you my lil' secret  
That's how we gone keep it  
I got my baby at home  
Ok  
That's how we gone keep it  
You know we be sneekin'  
Don't do that in public  
I throw you them deuces  
Cause you know ain't no huggin'  
And you just keep a distance  
Cause my b\*\*\*\* be trippin'  
Girl know how I do ya  
I just beat ya then I dip  
And you my lil' shawty  
So you need to chill  
Not even conversation  
Shawty you know how that is

A you my lil' secret  
That's how we gone keep it  
Say you got a man  
Ok  
That's how we gone keep it  
Stop  
Don't do that out in public  
You my lil' secret  
Nobody know we fuckin'  
(Repeat)

Real talk a  
She my lil' secret

No keepin'  
Hey we be sneakin'  
When we be weepin'  
Don't you tell nobody  
They don't know a damn thang  
Shawty you my outside lady  
My second strang  
So in public  
No touchin'  
And naw I ain't yo man  
Can't be tryna cut me  
Shit I know  
B\*\*\*\* I give yo a\*\* goosebumps  
But what goes stay behind  
Know when we do somethin'

A you my lil' secret  
That's how we gone keep it  
Say you got a man  
Ok  
That's how we gone keep it  
Stop  
Don't do that out in public  
You my lil' secret  
Nobody know we fuckin'  
(Repeat)

Why you runnin' up to me  
Huggin' and kissin' me shawty  
Can't you see we in public  
I know you missin' me shawty  
Later on we gone chill  
We gone be all alone  
At yo crib later  
That's the type of shit that I'm on  
But I'm tellin' you shawty  
You betta not tell nobody  
And if you do  
It ain't no mo of dis  
Surprisin' ya shawty  
Cuz you cool, laid back,  
A nice lil' swag  
You know you my lil secret  
So don't tell nobody

A you my lil' secret  
That's how we gone keep it  
Say you got a man  
Ok  
That's how we gone keep it  
Stop

Don't do that out in public  
You my lil' secret  
Nobody know we fuckin'  
(Repeat)

My lil' secret got a man at home  
She say he's a nice guy  
But he layin' it wrong  
What else I'm supposed to say in this song  
And I can beat you wit yo panties on  
No bullshittin'  
If my main girl around  
Then that sucks for you  
Don't be a bugga boo  
When she leave then you her substitute  
I'm the right man to beat it  
But the wrong man to be with  
Why  
Because I got too many secrets

A you my lil' secret  
That's how we gone keep it  
Say you got a man  
Ok  
That's how we gone keep it  
Stop  
Don't do that out in public  
You my lil' secret  
Nobody know we fuckin'  
(Repeat)
