Pop a rubberband, pop a rubberband  
Pop a rubberband, pop a rubberband  
Shorty won't let go and she know that I'm the man  
She say she wanna dance, hold a puppet in her hand  
And I pop a rubberband, pop a rubberband  
Pop a rubberband, pop a rubberband  
And when we hit the club, we don't go there just to  
stand  
We brought a couple grand, we gon make those  
bitches dance  
And we pop them rubber bands

Used to jack, rollin' up a jack  
Shout so deep, see her error form the front  
I'm playin' with them damn, I'm playin' with, I'm a band  
I pop 'er like they village, yea, I pop 'er like they village  
Bring me anything , meet me girlies and we offer  
Drop the chain, call me Dirty or Tiago  
When my color runs in the flute, tell my bug it up  
I love this stripper good, man I just can't get enough  
20 G's in a rubberband hoe on a man  
Then standin' on the speaker, why we do my money  
then?  
One step, two step, three step, four  
Pop pop pop that pussy, if you won't they gon

Pop a rubberband, pop a rubberband  
Pop a rubberband, pop a rubberband  
Shorty won't let go and she know that I'm the man  
She say she wanna dance, hold a puppet in her hand  
And I pop a rubberband, pop a rubberband  
Pop a rubberband, pop a rubberband  
And when we hit the club, we don't go there just to  
stand  
We brought a couple grand, we gon make those  
bitches dance  
And we pop them rubber bands

All black with some gold on  
For Diablo's on the whip, get my roll on  
Bad yellow bone bitch, ain't got no clothes on 'er

For a dope G bitch ain't got no doors on 'er  
Pop a rubberband, bitch I do this every night  
Go outside tonight, early morning catch a flight  
I turn the lights off, baby welcome to the show  
You ain't down to play your role but you gotta go  
If you don't wanna go then baby take a shot  
I know you want these rubber bands, drop it like it's hot  
Yea, I'm tryna flip into a movie set  
And when she see a rubberband it get her pussy wet

Pop a rubberband, pop a rubberband  
Pop a rubberband, pop a rubberband  
Shorty won't let go and she know that I'm the man  
She say she wanna dance, hold a puppet in her hand  
And I pop a rubberband, pop a rubberband  
Pop a rubberband, pop a rubberband  
And when we hit the club, we don't go there just to  
stand  
We brought a couple grand, we gon make those  
bitches dance  
And we pop them rubber bands

Look, Shorty runnin', shake that ass on me  
I say cool, man I'm glad I got some cash on me  
Young nigga 21, I'm a fuckin' boss  
All this money that I foam could've bottle off  
And y'all niggas can't afford those  
No, he doin' that, his 3 or 4 clothes  
Yea, and I ain't nothin' like that other man  
Still lookin' polished with the hoties up in rubber bands  
Spendin' money all across the world  
Up the magic closet, have it with my neighbor Earl  
Yea, pulled up in the new Range  
No, we had to make it rain with the loose change

Pop a rubberband, pop a rubberband  
Pop a rubberband, pop a rubberband  
Shorty won't let go and she know that I'm the man  
She say she wanna dance, hold a puppet in her hand  
And I pop a rubberband, pop a rubberband  
Pop a rubberband, pop a rubberband  
And when we hit the club, we don't go there just to  
stand  
We brought a couple grand, we gon make those  
bitches dance  
And we pop them rubber bands
