Ok, I gotta come and say 'whaddup? '
Make sure they heard my own right
First I get my dick suck then heading for a back ride
Turn on to her back side, then I put that pimpin riddle
Making sure she act right.

That pussy, that pussy, that pussy good
That pussy, that pussy, that pussy good
That pussy, that pussy, that pussy good
That pussy real good, I've been real good.

Me, I'm from the East side, said she from the South
side
On like a drive much, total visit my sight
Have to switch off my location, my house is her best
nation
Said she had no fucking gas so I picked her up from
the mall station
There she got that feeding pussy, I'm a go feed my
need of pussy
Every other day I feed a pussy, never ever when I eat
the pussy
Your hoe is my hoe
You can't go home with your hoe
Disrespect I cross the line, nigga I dull her
Life's candy, long hell or short hell I don't care
Big brushes, though, studio, everywhere I go it's all
good.
Chillin' in my ride with my bitch on the side
Stop talking, suck some, you're fucking up the vibe

Ok, I gotta come and say 'whaddup? '
Make sure they heard my own right
First I get my dick suck then heading for a back ride
Turn on to her back side, then I put that pimpin riddle
Making sure she act right.

That pussy, that pussy, that pussy good
That pussy, that pussy, that pussy good
That pussy, that pussy, that pussy good
That pussy real good, I've been real good.

I've been fucking all night, I got a hangover
I am so fly, I need a land on
I don't eat, take you bitch when I wake up
Hit the door and then turn around like
"What you lying niggas talking about? "
You fuck with me, I don't fuck with you
Ferrari Coop, hot pursuit,
Pop and learn and I'm popping too
As far this chains I'm rocking to
Share the stone I'm coping to
That's one for me, one for me, it don't run for me
Likely, no artifacts but a bunch of dudes
Bunch of weed and a bunch of lean
True religion, bunch of jeez
Gucci stole, bunch of gees turning head on women like
a murder scene
And I do what I gotta do when I gotta do
When she's with me she won't answer phones
I do make a come to, make a kung fu with no bro and
no panties on

That pussy good, that pussy moist, twenty two, she
from Detroit
I beat it up, yeah, beat it up, in the mirror you can see
yourself
First I get a head gang, yeah, her girlfriend ate it up.
Got a white girl, there's no cocaine, me had just a weed
dope.
All girls there one time, I'm a pee at it and pee white
She out of sight, she out of mind, I'll rap until don't see
why
Face down, hands on, beneath that she needs the cash
up
He talked to finesso, my diamond cup, my lascar
Heidy-ho, I'm a smash up
We boast up till we toast them up, heard a charm about
five honey
Nigga, it ain't no cost, but.

Ok, I gotta come and say 'whaddup? '
Make sure they heard my own right
First I get my dick suck then heading for a back ride
Turn on to her back side, then I put that pimpin riddle
Making sure she act right.

That pussy, that pussy, that pussy good
That pussy, that pussy, that pussy good
That pussy, that pussy, that pussy good
That pussy real good, I've been real good.

I jig me got me on test basis on my iPhone, said I'm
coming over
Yeah, girl, that's cool enough. But you got a brain,
need a bunch of
Rubbers
How many you need? Like one or two. Mother of fact,
two are good
I'm a use any last one, cause that pussy is too good,
Yeah, I ain't none of them other niggas,
Yeah, I'm way above them niggas
She make them niggas drop a cup of jizz
Me and my niggas been escape for free.

Halle Berry sequel made me feel good, I said okay girl
that pussy real good

Ok, I gotta come and say 'whaddup? '
Make sure they heard my own right
First I get my dick suck then heading for a back ride
Turn on to her back side, then I put that pimpin riddle
Making sure she act right.

That pussy, that pussy, that pussy good
That pussy, that pussy, that pussy good
That pussy, that pussy, that pussy good
That pussy real good, I've been real good
