victoria by Lavvi Ebbel
let me tell you about Victoria
she's young, rich and beautiful
she lives in Paris in a nice apartment
I met her one day at the Tour Eiffel

she often phones me, asks me to come
I try to refuse, but I don't know how to do it
when she says: 'ooh, je suis tomb e amoureuse d'un
type formidable'
I know this girl will never change

she's got a sportscar, she drives me around
pays me a meal at Chez Maxim's
then she says: 'tu sais, je vais me marier'
I smile and I eat my cr pe flamb e

this is the story of Victoria
honnei soit qui mal y pense
but though she's young, rich and beautiful
I know I will never love her
