Don't you speak now, you might ruin this  
Don't you leave now, just give me one more kiss  
Cuz, I belong  
Because, I belong  
Pinch me hard now; make sure I'm not dreamin' this  
Play this game now; it's lovin' with a twist  
Cuz, I belong  
Because, I belong  
And when there's nothing left to say,  
Kiss me sweetly  
Its in your eyes now, you can find me there  
From your neck, to your lips, got a chance, take a risk  
While I'm playing with your hair  
Cuz this is where I belong  
(Right here in your arms, right here in your arms)  
I belong  
(Right here in your arms)  
Let's make this right now, may be the last of this  
For just tonight now, ill make it what you'll miss  
Cuz, I belong  
(Right here in your arms, right here in your arms)  
Cuz, I belong  
(Right here in your arms)  
And when there nothing left to say  
Kiss me, kiss me sweet  
Kiss me sweetly  
Kiss me, kiss me sweet  
Kiss me sweetly, yeah  
And when there's nothing left to say  
Kiss me.
