Ever since I was a boy
I knew I'd grow up to do something great
Cuz that's what my Momma had said
As soon as a few years had passed
I realized that growing up happened so fast
But those words would stick in my head
And then I would find a guitar
And I knew that this thing would get me so far
So I asked my Dad what to do
He said Soon you'll be a man.
Laughed and said By then you should understand.
Now is the time to now was the time to make something
of you
I said I'd work real hard and do everything that you say
Cuz all I wanna be is someone you'll look at and be
glad to say
That's my boy, that's my son.
That's my baby, my flesh and my blood and he's grown
Into someone that I can be proud of.
That's my boy that's the one doing his job and he's
having some fun.
And you'll both look at me and be proud to say
Yeah, that's my son.
Looking back on all those times that I did things that
you didn't like
Well I tried my hardest to see
You said There's nothing to hide
Just go with what you feel inside
And be what your destined to be.
But I heard, son don't let us down
Cuz this life aint for foolin around
Start takin it seriously.
When I see all that I have
I know it's all cuz of momma and dad
Now is the time to, now is the time to,
Give em what they gave me.
I said I'd work real hard and do everything that you say
Cuz all I wanna be is someone you'll look at and be
glad to say
That's my boy, that's my son.
That's my baby, my flesh and my blood and he's grown
Into someone that I can be proud of.

That's my boy that's the one doing his job and he's
having some fun.
And you'll both look at me and be proud to say
Yeah, that's my son.
Say that your proud of me
Tell me your proud of me
Say that your proud of me
Say that your proud of me
Tell me your proud of me
Say that your proud of me
Say that your proud of me
Tell me your proud of me
Say that your proud of me
Comeon say your proud
Yeah, That's my son, That's my baby,
My flesh and my blood and he's grown into someone
That I can be proud of. That's my boy that's the
One doing his job and he's having some fun.

And you'll both look at me and be proud to say
Yeah, that's my son.
