=====
=====
There's my easy chair, just sitting there
I've spent a lot of time
Thinking of this perfect love
I know is yours and mine
Oh how I love that old picture on the wall
Of you and me and the kids
My most favorite times in life I've spent
Right here where we've lived
Chorus:
There's no place like home
There's no place like home
It just hit me as I was leaving
There's no place like home
From the bedroom I smell perfume
My favorite kind you wore
And it brings back memories of all those nights
Behind our bedroom door
The saddest thing I think I've ever seen
Was my closet all cleaned out
It's sad to think that one must leave
Cause we can't work things out
Chorus
So baby, say that I can stay, for just a day or so
Then maybe I can change your mind and I won't have
to go
Just look into these baby blues
And tell me it's okay
I love that smile, it drives me wild
No love won't die today
Chorus
