It seems we're fading kinda fast  
Like the red brake lights rushing past

This is morning, waking up when you're still at the bar  
Lurking around with the queens after dark  
We've come a long way just to end up lost  
We've drifted, yeah we've drifted,  
And now we're drifting along, along

Cut it up, cut it up  
Cut it up, cut it up  
Until the pain goes away  
Until the pain goes away  
Cut it up, cut it up  
Cut it up, cut it up  
Until the pain goes away  
Until the pain goes away  
Woah, Woah

Everything on the avenue's a little more grey  
And everyone's wearing just a little decay  
Cut it up, cut it up and hand it over  
I don't wanna remember

Everything on the avenue's a little more grey  
And everyone's wearing just a little decay  
Cut it up, cut it up and hand it over  
I don't wanna remember  
I don't wanna remember

Cut it up, cut it up  
Cut it up, cut it up  
Until the pain goes away  
Until the pain goes away  
Cut it up, cut it up  
Cut it up, cut it up  
Until the pain goes away  
Until the pain goes away

When the ship done sinks  
And the crew done drowns

What am I gonna do?  
I'm not hanging around

This cruise is ending  
Please hang on to your stub  
Thank you for coming  
And thanks for the love, thanks for the love

Let's cut it up  
Let's cut it up  
Let's cut it up  
Let's cut it up  
Let's cut it up  
Let's cut it up  
Let's cut it up  
Let's cut it up  
Let's cut it up  
Until the pain goes away
