Hesitation was the station I used to get on at
Now it's asshole, can you picture that?

"Fuck yous" and "thems" have fucked me up
An idiot who can't keep his mouth shut
Oh shit, oh fuck, it's dicks to suck
So, bend me down, I'll pucker up

(What a great, what a great, what a great way)
(What a great, what a great way)
(What a great, what a great, what a great way)
(What a great, what a great way)

Take a chill pill lover or you're gonna explode.
Take two of these too and you'll find that I know
That what you learned on your trip to the zoo
Animals do what animals do
That what you learned on your trip to the zoo
Animals do what animals do
Yeah

What a great day to die, what a sad way to cry
You'll tell me "I love you" and I'll know it's a lie
What a great day to die, what a sad way to cry
You'll tell me you love me
And I'll know it's a lie
