So your friends have been telling you  
I'm outta my mind, actin' all wild and weird  
Shoutin' and screechin', bouncin' off the walls  
Swinging from the chandeliers  
I've been running through the neon jungle  
I've been chasing every woman in town

When you turn a man into a monkey  
That monkey's gonna monkey around

Now, wait until you see my new girlfriend  
I picked her up down at the zoo  
She's got rings in her nose, glitter on her toes  
And a very well placed tattoo  
Now that I've been up on the highwire  
You ain't ever gonna get me down

When you turn a man into a monkey  
That monkey's gonna monkey around

Well, once you had me dancing at the end of your  
chain  
Begging for your small change love  
I was jumping through hoops, doing loopy loops  
Yeah but girl I finally had enough  
So when ya see me out rockin' in my little red hat  
Going eight ball over town

Well you made a man into a monkey  
That monkey's gonna monkey around, monkey with it  
now

Yeah, once you had me dancing at the end of your  
chain  
Begging for your small change love  
I was jumping through hoops, doing loopy loops  
Yeah but, girl I finally had enough  
So when ya see me out rockin' in my little red hat  
Going eight ball over town

Well you made a man into a monkey  
And that monkey's gonna monkey around

Yeah, baby  
You made a man into a monkey  
This monkey's gonna monkey around, yea  
Yea yea yea yea yea yea yea
