(Travis Tritt)

I know living with me ain't always easy  
I dam up emotions some men just let flow  
But girl when you're not by my side I feel a part of me  
has died  
'Cause I love you more than you'll ever know

More than life more than I've ever loved before  
It's absurd and beyond words  
I couldn't want you more  
And when I try to pour my heart out to you  
I'm not sure it shows  
That I love you more than you'll ever know

I'm sure you've heard it said hearts have windows  
But mine has doors a painful past has closed  
Unless someday they open wide revealing feelings  
locked inside  
I'll love you more than you'll ever know  
More than life more than I've ever loved before  
It's absurd and beyond words  
I couldn't want you more  
And when I try to pour my heart out to you  
I'm not sure it shows  
That I love you more than you'll ever know

Even when I pour my heart out to you  
I'm not sure it shows  
That I love you more than you'll ever know  
Yes I love you more than you'll ever know
