Well I was raised on country classics  
Like Roy Acuff and George Jones  
Lord I loved to hear 'em  
Sing all them old time country songs

But I really got excited 'bout the time I turned 15  
That's the first time I heard Waylon and old Bocephus  
sing  
They put some drive in their country  
That really turned me on

Yeah, put some drive in your country  
Keep country drivin' on  
When the music gets you movin'  
You know that can't be wrong

Every time I hear that outlaw stuff on my car radio  
It makes me wanna drive it just as fast as it will go  
Put some drive in your country  
Let's keep country drivin' on

We played some shows in Atlanta  
On Sunday afternoons  
The gigs were packed and I was nervous  
'Cause I wanted folks to like my tunes

The crowds were full of younger people  
They were all about my age  
So I turned and told the band just before we walked on  
stage  
Put some drive in your country fellas, we turned those  
people on  
Oh yes we did

Yeah, put some drive in your country  
Keep country drivin' on, oh  
When the music gets you dancin'  
You know that can't be wrong

See I made myself a promise when I was just a kid  
I'd mix southern rock and country and that's just what I  
did

Put some drive in the country  
Keep country drivin' on

Hey, put some drive in your country  
Hey, let's keep country drivin' on  
When the music gets you movin'  
You know that can't be wrong, oh girl

Well I still love old country, I ain't tryin' to put it down  
Damn I miss Duanne Allman, I wish he was still around  
Put some drive in the country  
Keep country drivin' on  
Hey yeah put some drive in the country  
Hey let's keep country drivin' on, yeah

Hey, yeah, yeah, yeah, yeah, alright
