Hey lover, will we ever win?
Day is over and the war begins
And I don't want to blame you but I do
And I don't want to make you think
There's something wrong with you

You're the only one I can trust
What if love hangs on to us?

I keep thinking back to how we were
Before the hard times came
You and I unburdened by the heartaches and the pain
Now we've faced the choice to change our hearts
Or simply hang it up

What if love hangs on to us?
What if love hangs on to us?

Hey lover, were we ever right?
Feel heavy and we're losing sight
And I don't want to be with someone new
And I don't want to make you feel like crying but I do

All your tears leave you starting to burst
What if love hangs on to us?

I keep thinking back to how we were
Before the hard times came
You and I unburdened by the heartaches and the pain
Now we've faced the choice to change our hearts
Or simply hang it up

What if love hangs on to us?
What if love hangs on to us?

I keep thinking back to how we were
Before the hard times came
Yeah, you and I unburdened by heartaches and the
pain
And now we've faced the choice to change our hearts
Or simply hang it up

What if love hangs on to us?
Woah, what if love hangs on to us?

Hey lover
