Mmmmmm,  
Yeah, Yeah  
Listen...  
Aye

Anytime you need me  
I'll be in a hurry baby you know that believe me  
Only girl in the world that could ever really  
Hop up on a plane fly a million miles to see me, Aye  
So you ain't gotta worry  
Imma say it one more time  
Make sure that you heard me  
Take my ride,  
Girl you know its never dirty  
Buy you anything you like you know that you're worthy  
Aye

Anytime my heart can't see,  
girl you're my light  
And when I find it hard to breathe,  
you're my lifeline so  
Please don't make a fool of me  
And bring tears to my eyes  
Ain't it funny how it works

Love is the hardest thing to find,  
and the easiest to loose  
But this GPS found you for me  
So I'm gon' keep us  
Where they can't reach us  
Cause I don't want us to break  
So on our box it will say

Handle with care, care, care, care (x2)  
Handle with care

So what I'm tryna say is  
I don't wanna be like other couples that be tainted  
Make sure you're the last girl I'll be datin'  
Be the most talked about picture ever painted  
Don't know why everytime you come around everything  
around me stops

Don't hear a sound  
You are my light house, our future's bright now  
Long as you ever take your precious love away  
Aye

Anytime my heart can't see,  
girl you're my light  
And when I find it hard to breathe,  
you're my lifeline so  
Please don't make a fool of me  
And bring tears to my eyes  
Ain't it funny how it works

Love is the hardest thing to find,  
and the easiest to loose  
But this GPS found you for me  
So I'm gon' keep us  
Where they can't reach us  
Cause I don't want us to break  
So on our box it will say

Handle with care, care, care, care (x4)  
Handle with care

My highs are on the ground  
My lows are above cloud nine when you're here  
And the oceans not deep enough to hold how I feel  
We share the kind of love that makes time stand still

Love is the hardest thing to find,  
and the easiest to loose  
But this GPS found you for me  
So I'm gon' keep us  
Where they can't reach us  
Cause I don't want us to break  
So on our box it will say

Handle with care, care, care, care (x2)
