[Nas] All I do is stay focused Looking straight forward
at the world and beyond I feel people pulling me down I
feel some pulling me up I can't get stuck I just keep
moving forward I got places to go man Let's go
[Damian Marley] When the armageddon's dark and
dread A lot of weak hearted weep and moan Only the
strong will continue Do you have it in you? Come, we've
got a journey to go And when the battle get sour and
dread A lot of weak hearted wither and moan Only the
strong will continue I know you have it in you I know you
have it in you [Damian Marley] Hey, the victory's found
in truth Like innocence found in youth Self defeat is
your own dispute And man, you put yourself in your
own shoes Either you're winning or losing Don't you get
it confused Play a star and you know your own movie
Playing of the role you choose, so Stand up and fight if
you know that you're right And know you will never fail
Tipping the scale and the wind shall prevail And the
boat shall forever sail Hey, there ain't no stopping or
cruising Even when you're battered and bruised Hold
gun all the sprinklers on Mt. Olympus My gat tougher
than Zeus [Damian Marley (Nas)] When the
armageddon's dark and dread (I get up and make it
happen) A lot of weak hearted wither and moan (I get
up and we get it cracking) Only the strong will continue
Do you have it in you? Come, we've got a journey to go
And when the battle get sour and dread (I get up and I
get it going) A lot of weak hearted wither and moan
(We get up and we keep it flowing) Only the strong will
continue (yeah) I know you have it in you (yeah, yeah) I
know you have it in you [Nas] As I walk through the
valley of the shadow of death New York to Cali, for the
money, power, respect It's a journey, some'll get left
behind Cause in life, you cannot press rewind Get it
right, you only have one first chance To make one first
impression that lasts a lifetime Reputation supercedes
itself Do you believe in Hell? Babylon greed for wealth
Do you deceive yourself and let your ego swell? And
disregard those who most need your help Thick skin,
the dark won't take my soul Survive spiritual wars, see
my welts And the evil's felt, but the faith is stronger I

saw grown men fall when I was a youngster But I clench
my fists, ready to go against whoever Tie my Timbs
and rise in the end [Damian Marley (Nas)] When the
armageddon's dark and dread (I get up and make it
happen) A lot of weak hearted weep and moan (I get up
and we get it cracking) Only the strong will continue Do
you have it in you? Come, we've got a journey to go
And when the battle get sour and tread (I get up and I
get it going) A lot of weak hearted wither and moan
(We get up and we keep it flowing) Only the strong will
continue (yeah) I know you have it in you (yeah, yeah) I
know you have it in you [Damian Marley] No man live
forever, but never say never Every good he want
better, must be a go getter And always be clever in
every endeavor Now drastic time call for drastic
measure Your girl try to pleasure from your neighbors,
things sever The land and the treasure, work for
whatever Jah said don't be a beggar, the Alpha Omega
Will bless every soul no matter which name you prefer
The immortal stepper, believe in every skin no matter
which color they are We never let we don't know here
which kind of weather You're destined to rise like the
Son of Rebecca Don't stop for a second Everyone
reckon, it sure would be good to be there Whether Zion
or Mecca When the gates are finally closed And the
saints go marching in [Damian Marley (Nas)] When the
armageddon's dark and dread (I get up and make it
happen) A lot of weak hearted weep and moan (I get up
and we get it cracking) Only the strong will continue Do
you have it in you? Come, we've got a journey to go
And when the battle get sour and dread (I get up and I
get it going) A lot of weak hearted wither and moan
(We get up and we keep it flowing) Only the strong will
continue (only the strong will continue) I know you have
it in you I know you have it in you [Nas] As the weak
shall fall to the sideline, I get my kid I protect mine with
a TEC-9 Haters want me to side with them Gangsters
want me to ride with them Ladies want me to make
brides of them I'm on the low and I'm creeping I'm in
the zone every evening I'm in the zone every evening
Walk through the valley of death, I'm still breaching For
a bit of life, the American dream Thief in the night like I
never been seen Coming through in the zone every
evening In the zone every evening Only strong will
survive
