Suck my dick until your lips fall off
Don't make me ask again please
Put it down your throat until it makes you cough
Nibble on my dick like a rat does cheese
Well you're from the south
you're a special kind of girl
Put my nuts in your mouth
Bitch, like you was a squirrel
Work on the shaft cradle on the balls
But baby just don't bite it get it on get it on!
Suck my dick until your lips fall off
Don't make me ask again please
Put it down your throat until it makes you cough
Nibble on my dick like a rat does cheese
Well won't you go down
and hook a brother up?
Swallow it on down
Or spit it in a cup
Wipe it on your t-shirt
Let it dribble down your chin
Smoke a couple Newport
just suck that dick again!
Suck my dick until your lips fall off
Don't make me ask again please
Put it down your throat until it makes you cough
Nibble on my dick like a rat does cheese
