I can see you're broken, slowly losing faith  
And when I look into your eyes you seem so far away  
I've never felt so helpless, cause there's nothin' I can  
do

In any mornin' now I know that I could wake up to  
You walking away, and when you walk away

Where do I go?  
When you're the only thing I've ever known  
Where do I go?  
When you're the road that takes me home and  
Standin' lost with no direction, baby tell me please  
When you're gone, where do I go?

I spent all my money, I spent all my time  
Lookin' around for something I know I will never find  
I want you to be happy, I want you to find love  
I'm startin' to see that maybe it's not in the cards for us  
I know you're gonna walk away, oh, when you're walkin'  
away  
But when you walk away

Where do I go?  
Cause you're the only thing I've ever known  
Where do I go?  
When you're the road that takes me home and  
Standin' lost with no direction, baby tell me please  
When you're gone, where do I go?

Oh, and when you're walkin' away (When you're walkin'  
away)  
I know that I can't stop you  
From walking away (No I can't stop you)  
Saying words I know you'll say

Where do I go?  
When you're the only thing I've ever known  
Where do I go?  
When you're the road that takes me home and  
Standin' lost with no direction, baby tell me please  
When you're gone, where do I go?

Tell me, where do I go?
