"Cry For Help"

Time feels so much longer
Is there a better way
to help you through your days now?
In this life is like you don't know tears
You think it's easier to say that you never had the
chance

Is it too late?
Can you hear this?
Is it too late
Can seem so much colder

Why I'm not slow with us
Is to your to listen

Came around to see if
To see if you're alright
You say I'm okay
I refuse to listen
Stay up away

Is it too late?

Is it too late?

Is it too late
Can you hear this?
Is it too late
Cause I feel that its over
