It has to come from you  
I can't fill the spaces and make the too right  
When you love me  
The way I want to be loved

You know it has to come from you  
It has to

I sit looking out  
Taking nothing in  
I'm waiting

I sit looking out  
Taking nothing in  
I'm waiting

I'm waiting

I'm waiting

So you think I don't feel  
The way that you feel  
Will say what's in your heat  
Cause I love you  
The way you want to be loved

Just say the words  
I love you

I sit looking out  
Taking nothing in  
I'm waiting

I sit looking out  
Taking nothing in  
I'm waiting

Cause you think you can call me but you can't  
And you think I don't own this stand but I do  
I know everything there is to know about you

You're my book  
I can read you  
I can read you  
I can read you  
I can read you  
I can read you

I love you

I love you

I love you

I love you

I love you
