Over and over I keep wondering why  
Then I give up and see that look in your eyes  
Cause if I trip and fall,  
I'll be to blame  
And if I hit the wall,  
I'll still be the same  
Wasting your time with your so called friends  
The ones you adore and the ones you pretend  
And it's kind of sad and deranged  
But it's not so bad that it can't be explained

Cause in my mind  
It's all a waste of time  
And there's no excuse at all  
Then I realize, surprise  
You were right all along

And I want to know  
Have I gone too far  
Have I sunk to a brand new low  
And I want to know  
If I've gone too far

Cause I've lost all my self control

Guilty as charged  
I've been convicted and tried  
Was it too much to ask for you to take my side  
Cause there's nothing here left to defend  
When it's always me  
That you blame in the end

Cause in my mind it's the perfect crime  
And there's no excuse at all when I realize  
Surprise you were right all along

Nothing is what it seems,  
To me you're sleeping without the dreams  
Without you, nothing defines me

When I'm slipping away  
It's only you that can find me

and I'm over my head again  
I'm falling from end to end
