I'm tired of thinking less  
Of what you heard me say  
I'm troubled I confess  
It's clear that I can't stay

Surrender now I guess  
Safe to face the light of day  
I'll tell you all the rest  
It'll have to be on the way

If I live that long  
Don't think I'm that strong  
I wish I was wrong  
But that's not likely

Driving through the night  
The street lamps shine so bright  
Oh, they're so bright

Everything will pass  
Like a car with tires that squeal  
'Cause it's driving way too fast  
And it's me behind the wheel

I know it's been a blast  
Don't know how I'm supposed to feel  
The more I hit the gas  
The less it seems to be real

I won't live that long  
But I do feel strong  
You can prove me wrong  
But that's not likely

Driving through the night  
The street lamps shine so bright  
But I don't feel all right

Driving through the night  
The street lamps shine so bright  
But I don't feel all right

Driving through the night  
And it's alright
