

Treble Charger

"Question Abuse"

Visit "[Question Abuse](#)" on MotoLyrics.com

What's it take to make you wake up and open your eyes
How many beat on the street by the heat before you
realize that a violent crime at any time can never be
endorsed what's the difference for a cop's excessive
use of force? Question abuse question authority
question abuse question abuse of authority and
police's use of abuse what you see on your TV us not
your true reality conditioned by the system to to
brutality don't use your rights you lose your rights and
sell all self defenses now they have you where they
want and are gonna beat you senseless force-coward!
You have the right to remain silent anything you say
can and will be used against you in a court of law but
there's a flaw cause that long arm is armed with a
clawforce- coerced- force- Coward question
