Everybody gather 'round  
Come and listen to me  
You wanna know what I know  
You wanna see what I see

Pay you money and you take your chance  
When you decide to do the downward dance  
Never even given half a glance  
Try one more time

Something happens all the time  
You're gonna like it's a scene  
Wouldn't miss it for the world  
If you know what I mean

Pay your money and you take your chance  
When you decide to do the downward dance  
Know you'll be a slave to circumstance  
When you go into the downward dance  
Never even given half a glance

Try it one more time  
And I'll make it right

Now the lights are down  
And darkness surrounds  
So you can't see me

Pay your money and you take your chance  
When you decide to do the downward dance  
Know you'll be a slave to circumstance  
When you go into the downward dance  
Never even given half a glance
