"Perfectly"

I love you perfectly
I hung My love upon a tree
Freedom is for free
What will it take to make you see?

Perfectly made and perfect in every way
You have been saved

CHORUS

I don't care what you've done
Inside you, I see my Son
There's no more that you could do
I've done everything for you

I don't remember Him
But You remind me of His sin
When You let me in,
He went out, you're a new creation

Tried so hard to be perfectly just like Me
I am, I am

CHORUS
