"Wake Up"

Visit "[Wake Up](#)" on MotoLyrics.com

Go to sleep and dream of me
I'm the one who set you free
Close your eyes and you will see
Open up and trust me

You don't have to be like everyone
You were made to walk out in the sun

Walk with me, I'm your shelter
Take my hand and walk with me
If you fall I will carry you
Lose yourself and walk with me

All the dreams that made you sad
And all the nightmares that you had
All your life you were asleep
I wake you up to walk with me

You don't have to search for something true
I am standing right in front of you

Walk with me!

Time to wake up, it's time to wake up
Time to wake up, it's time to wake up
