Wassup Baby...

I've been waiting on this moment for such a long time..
Me and you..one on one..Listen.

Me and you..chillin in my bedroom baby
All alone..so we can get real freaky baby
I touch your body..to let you know that the time is now
I want to love you like you never been loved baby
So make it rain silk on me...

It will be me and you together
Rollin in the bed,hiding in the the covers
Loving each other for life babe
Loving each other for life

It will be me and you together
Rollin in the bed,hiding in the the covers
Loving each other for life babe
Loving each other for life

Loving you,
Is constantly up on my mind
Toe to toe
With your body on top of mine
Soaking wet,
Thats the way I like it baby
So don't forget
The towels
As you step into my room
Step into my room...

It will be me and you together
Rollin in the bed,hiding in the the covers
Loving each other for life babe
Loving each other for life

It will be me and you together
Rollin in the bed,hiding in the the covers
Loving each other for life babe
Loving each other for life

Break it down baby..Break it down
Said I like it baby
Thats the way its gonna be
Me and you one on one
In my bedroom
Toe to toe
I say your gonna like it darlin
ohh wee..

It will be me and you together
Rollin in the bed,hiding in the the covers
Loving each other for life babe
Loving each other for life
