you up thumbing in Everett skateboarding around in a
pair of high heel shoes, a miniskirt , needle in your arm
you were fucked up what are you talking about what
are you talking about man I've never been to everett
I've never been- uhh
ahh no never take me to a based out party, everyone
doing crack, doing line you spill your beer in some
dealers pile he puts you down a gun to your head but
right then the cops break in and drag you away what do
you mean I thought I already told you that I've never
been to Everett I've never been overdosed and on your
knees again how will you survive uhh - ahh no NEVER!
