Love it or leave it that's what they say love it or leave it  
the American way I love this country I love this land but  
tolerance for liars I won't stand Not a ring of truth in the  
political lies The rich get richer While the innocent die  
Love it or leave it that's what they say change it ,believe  
it it could happen today If our founding fathers were  
alive today They'd all be rounded up and be locked  
away Stripped of all the rights that they created and  
everything they own would be confiscated Love it or  
leave it that's what they say Change it believe it it could  
happen today FOR THE PEOPLE BY THE PEOPLE ALL OF  
US CREATED EQUAL RISE!!
