I wish it didn't happen but it did  
You should be lighting fireworks and running with the  
kids  
It's the kinda things you wanna see 'em happen to do  
I wish it didn't happen but it did

Should be dancing under that old mirror ball  
I only wish we could talk as all  
The new beginning started at the end  
I wish it didn't happen  
I wish it didn't happen  
And the word that you had written down  
Only part of you still left around  
Every letter I didn't wanna keep  
I just read 'em and weep  
I just read 'em and weep

How come the good ones have to go  
How come the last force that you loved your own  
How come it never stops  
The world just moves right on  
How come the good ones have to go

Listen to that same song of ours  
Over and over while watching all the cars  
Maybe you went us down or your voice just shut  
i'll listen to the same song of ours

Every letter you had written down  
Only part of you still left around  
Every letter I didn't want to keep  
I just read 'em and weep  
I just read 'em and weep

Yeah you're still there  
Yeah you're still there in the midnight air  
Yeah you're still here  
Yeah you're still here in the midnight air

Every letter that you wrote  
I didn't want to keep  
I just read 'em and weep

I just read 'em and weep  
I just read 'em and weep
