got it good by Leech
spare couch in the living room
odd jobs that'll get me through
hour to hour
day to day
small change when i hit the stage
free drinks in the clubs we play
are just enough to keep afloat
i got it good
no car no job no money
i got it good
a thousand friends throughout the world
so things aren't going well
you've arrived in a living hell
you look to me for the cure
not having any fun
unsure of what you want
don't you dump the load on me
you were laughing when it started
i got it good
no car no job no money
i got it good
a thousand friends throughout the world
so things aren't going well
you've arrived in a living hell
leave it so
as you were
you were laughing when it started
i got it good
no car no job no money
i got it good
a thousand friends throughout the world
