idaho by Leech  
you little drama queen  
when did you succumb  
to the influence  
you knew was wrong  
so quick to enlist  
join the scapegoat tribes  
all the murderers  
broke the butterfly  
an observation if you please  
you let the silliest of things  
complicate your life  
your motivation is obscene  
gone and distorted the dream  
i hate to see you go adrift to the right  
you butterfly  
return to your cocoon  
in your larval stage  
you refuse to gaze  
to grow to breathe to bloom  
join the scapegoat tribes  
all the murderers  
broke the butterfly  
an observation if you please  
you let the silliest of things  
complicate your life  
your motivation is obscene  
gone and distorted the dream  
hate to see you go adrift to the right
