Try and put your arms around the 100 year old tree
Climb up on a horse and let it run full speed
Take a look down at the world from 30,000 feet
On your next flight

Watch a flock of birds against the morning sun
Close your eyes and listen to the river run
Catch a firefly in your hand or a raindrop on your
tongue
That's right

There is a God, there is a God
There is a God, how much proof do you need?

Plant a seed and see what comes out of the ground
Find the heartbeat on your baby's ultrasound
In a few years hear him laughing
And don't it sound like a song?

Stop and think about what you don't understand
Things like life and love and how the world began
Hear the doctor say, he can't explain it
But the cancer is gone

There is a God, there is a God
There is a God, how much proof do you need?

Science says it's all just circumstance
That this whole world is just an accident
But if you want to shoot that theory down
Just take a look around
Oh, just look around

There is a God, there is a God
Oh, there is a God, how much proof do you need?

Now, there is a God
