We were enchanted love would last for always  
Taken for granted, then came the changes, unforeseen

I'm so in love with you who seem so blase  
The problem now is, do you still want to stay with me?

You so blase, unconcerned, you're indifferent  
You turn, inattentive in company  
Should I ask you, don't leave me?

We were enchanted wrapped up in our one dream  
Taken for granted, in crept the silence unforeseen

You seem OK though I burn stony silence  
You turn, disinclined impassively  
Can I keep you near to me?

Surely he can't really be so blase  
Surely we will laugh another day  
Surely we can hold it all together  
Surely we will find another way

You seem OK though I burn stony silence  
You turn, disinclined impassively  
Can I keep you near to me?

Surely he can't really be so blase  
Surely we will find another way  
Surely we can hold it all together  
Surely we will find another way  
Surely he can't use my love forever  
Surely he can love me like before  
Surely we can hold it all together  
Was it just illusion that we saw  
Surely he can't really be so blase  
Surely we will find another way  
Surely we can hold it all together  
Surely we will find another way
