I've been in and out of favor with Lady Luck  
I gotta tell ya  
I've seen things I never wanted to see

I've got to get back on my feet  
I feel like I've been sleeping  
Sweet, sweet time  
Has been a real good friend of mine

Waiting for that change of season  
Oh, the winter's been so long  
Searching for that rhyme or reason  
You've just got to

CHORUS:

Move on  
Hold it together, move on  
Life's so short, move on  
Only time will set you free  
Just like me

You put your fears behind you  
Better get yourself where you wanna be  
I think of all the days and nights that I spent crying  
And I move on

I've been in and out of favor with love  
Because I gotta tell you  
I've been things I never wanted to be  
And then some angel called me up  
He told me I was sleeping  
Said, "Don't waste time  
'cause even angels say goodbye"

Waiting for that change of season  
Oh, the winter's been so long  
Searching for that rhyme or reason  
You've just got to

REPEAT CHORUS

And oh, there goes another season  
Getting hard to find a decent song to play  
But oh, I guess I got my reasons  
Everybody thinks I'm doing A-OK  
They ought to know by now

REPEAT CHORUS

You put your tears behind you  
Better get yourself where you wanna be  
I think of all the days and nights that I spent crying  
Before my angel set me free

I'm gonna be lucky in love someday
