There comes a time, when we hear a certain call
When the world must come together as one
There are people dying, and it's time to lend a hand.
To life the greatest gift of all
We can't go on, pretending day by day
That someone somewhere will soon make a change
We are all part of God's great big family
And the truth, you know that love is all we need
We are the world, we are the children
We are the ones who make a brighter day so let's start
giving
There's a choice we're making
We're saving our own lives
It's true, we'll make a better day just you and me.
Send them your heart, so they'll know that someone
cares
And their lives will be stronger and free
As God has shown us, by turning stones to bread.
So that we all must lend a helping hand.
We are the world.....
When you're down and out
There seems no hope at all
But if you just believe there's no way we can fall
Well, well, well, well, let's realise
That a change can only come
When we stand together as one
We are the world.....
