"And We Lean In"

What if the sound of my voice
Is the sound of your lover's voice
What if the back of my hand
Feels so familiar, we don't stop
Don't stop, don't

And we lean in
How did you do that?

It's strange how light catches on things
Like there is nothing else
Say it's my eyes or it's my heart
Well, I can close them all
Oh, I, I won't look for the signs of love
I, I won't look

And we lean in
How did you do that?
And we lean in
How did you do that?
