Over in a moment  
You've the only lifeboat  
Say you can soothe  
But you know that you don't

Bitterer because  
You said it was perfect  
And I thought it was  
And just like everyone does

And it's all on my shoulders  
You're the one who got to say  
"This has all been a waste  
And I'm the one who had to stay"

Bitterer because  
You said it was perfect  
And I thought it was  
And just like every fool does

And it's all on my shoulders  
You're the one who got to say  
"This has all been a shame  
And I'm the one who had to stay

Trying to find it a reason not to ache  
Like when you say that you don't care to stay  
You're still not on your way  
Anything, I'm still aching, aching

And it's all on my shoulders  
You're the one who got to say  
"This has all been a shame  
And I'm the one who had to stay"
