How am I to praise you? How am I to name you?
The shoreless ocean no body can contain you
Your form is formless, more beautiful than gorgeous,
like the queen of my
Heart
Oh boy, I can't describe fire that's inside
Light me up, I'm darker than the blackest night
Drive this man insane, I don't even know your name
Just let me stand by your side
I am a helpless child
And this love, yeah, hit me like a thunderstorm
You took me up and struck a chord
All I can say is oh my lord
The sight of you I can't afford
And I don't know what song to sing
I don't know the proper hymn
All I know is I love you and that's about all I can do,
that's about all I
Can do
Oh it would be a shame, oh a shame yeah, I tell you I'm
to blame
To try and compare you to the fullness of the moon
It's insane yes insane you're a lion I can't tame
All glory and all fame the sight inside your name
Who am I to describe, who am I to define you?
To lay my eyes on the princess, oh devine
Daughter of the mountains
So tight and don't let me go, yeah, don't let me go
You hit me like a thunderstorm
You took me up and struck a chord
All I can say is oh my lord, the sight of you I can't afford
I don't know what song to sing, I don't know the proper
hymn
All I know is I love you, and that's about all I can do, and
that's about
All I can do
That's about all I can do
And that's about all I can do
And that's about all I can do
That's about all I can do
That's about all I can do

That's about all I can do
That's about all I can do
That's about all I can do
That's about all I can do
That's about all I can do
That's about all I can do
I can do yeah, I can do yeah
I can do yeah
