Wake up in the morning  
Wake up, wake up 7am  
And I already got you  
Already in my head  
You're just another feeling  
Just another feeling I can't shake  
Haunting every move  
Every single move I make

I ain't gonna stop until your mine  
Until that time  
Even if I've lost my voice  
I've got no choice  
Lady Love

You've cast your crazy spell on me  
Your love is my only remedy  
Don't keep me waiting  
I am knocking at your door of your Lady Love

Hypnotize, Paralyze  
Baby that's what you do  
Stop me in my tracks  
Pretty darling, I cannot move  
I wanna write a hundred million thousand songs for you  
I ain't gonna stop until my fingers are black and blue

Chasing you around  
East, west, north, south  
Mountains and plains  
I've lost my shame  
My heart is on fire  
Come lift me higher  
Come quench this burning desire
