Well I been trying to meet you baby
I been trying to seek your lovely
Tell me where you come from darling
Tell me where you run to honey
I am only here to listen
I am only here to fear
Tell me everything about you
Tell me about all the hearts you steal
Fire is burning round me
Are you gonna burn with me too
Cause I don't really want this life
All I really want is you
Are you gonna take me up there
Are you gonna help me see
Are you gonna live this madness or are you going to be
with me

So shall I run
Or shall I fall, shall I fall for you
I'll burn it down, I'll sell it all, I'll set it all for you

Well tell me mama am I dreamin
Or am I too deep in sleep
All of my friends have told me a woman makes a man's
heart weep
But I don't really want to listen
I don't believe what they say
I want to be your shelter and I want you to shelter me
When we're in a town or city,
It all starts to seem unsafe
Without you in my heart,
I'm a cold man I have to say.
Living my life in shadows
I don't know what this all means,
But I am a seeker and I'm seeking you to rescue me

So shall I run
Or shall I fall, shall I fall for you
I'll burn it down, I'll sell it all, I'll set it all for you
So shall I run
Or shall I fall, shall I fall for you
I'll burn it down, I'll sell it all, I'll set it all for you
