Lyrics:

Take me to the table where we all dine together  
Pluck me from the crowd and return me to my sender  
Whatever path you follow push on to tomorrow  
Love all, serve all and create no sorrow  
So many rivers but they all reach the sea  
They're telling me he's different but I just don't believe  
it  
Love is the goal, yes and everyone shall reach it  
Who ever seeks it  
Seen and unseen

I don't wanna a reason anymore about the one I love,  
the one I love  
I don't wanna reason anymore about God above, God  
above  
I just wanna melt away, in all its grace  
Drift away into that sacred place  
Where there's no more you and me, no more they and  
we, just unity...

Matisyahu:

He Prays sitting, she prays standing,  
Some sit quiet, while others stand demanding.  
Just fan the flames of love.  
some say he's below, some say he's above.  
It's unknown, when the king sits down upon his throne.  
some chant songs some pray with beads,  
some wake at midnight cuz the heart it bleeds,  
some souls scream to the demons ,leave me be!

i don't wanna a reason anymore about the one I love,  
the one I love  
I don't wanna reason anymore about God above, God  
above  
I just wanna melt away, in all its grace  
Drift away into that sacred place  
Where there's no more you and me, no more they and  
we, just unity.

Jesus, Buddha, Moses, and Guaranga.

All dance around, dancing on your thunder  
Drunk on the wine of love for thee  
Well tell me when will I be blessed to join their blissful  
company

So many stories and so many fables of how the king  
sings  
of how the wall wails  
In Jerusalem to the Holy Himalayas  
From Mount Zion to the hills of Jamaica  
All land is holy, all land is sacred  
All shall leave this world completely naked, completely  
naked, completely....

I don't wanna a reason anymore about the one I love,  
the one I love  
I don't wanna reason anymore about God above, God  
above  
I just wanna melt away, in all its grace  
Drift away into that sacred place  
Where there's no more you and me, no more they and  
we, just unity
