Oh

Yeah

Take me to the table where we all dine together
And pluck me from the crowd and return me to my
sender

Whatever path you follow push on till tomorrow
Love all serve all and create no sorrow
So many rivers but they all reach the sea
They telling me he's different but I just don't believe it
Love is the glorious and everyone shall reach it
Who ever seeks it
Seen and unseen

I don't want a reason anymore about the one I love, the
one I love

I don't want a reason anymore about God above, God
above

I just want to melt away, in all His grace
Drift away, into that sacred place
Where there's no more you and me, no more they and
we, just unity
Yeah yeah, just unity yeah yeah,
Just unity yeah yeah, just unity yeah yeah

Well I don't wana count the leaves of the mango tree
I just want to taste it's sweetness

So you can defeat this above and beneath this

Yeah

Come one and all, come stand tall
And whatever your approaching dance or meditation
If you got love along than you shall reach the station
You find a road, the supreme abode
In this city all hearts shine like gold

Don't want a reason anymore about the one I love, the
one I love

I don't want a reason anymore about God above, God
above

I just want to melt away, in all His grace
Drift away, into that sacred place
Where there's no more you and me, no more they and
we,

Just unity yeah, just unity, just unity, unity, just unity

Me and Jesus, Buddah, Moses, and Gouranga
All dance around, dancing on your thunder
Drunk on the wine of love for thee
Well tell me when will I be blessed to join the bliss of
your company
Blissful company goes from sea to sea
From the depths of the valley to the mountain peaks
So many stories and so many fables
Of how the king sings of how the wall wails
Jerusalem to the Holy Himalayas
From Mount Zion to the hills of Jamaica
All land is holy, all land is sacred
All shall leave this world completely naked
Completely naked, completely

I don't want a reason anymore about the one I love, the
one I love
I don't want a reason anymore about God above, God
above
I just want to melt away, in all His grace
Drift away, into that sacred place
Where there's no more you and me
No more they and we just unity oh yeah
Where there's no more you and me
No more they and we just unity just unity
Where there's no more you and me
No more they and we just unity yeah yeah
Just unity yeah yeah just unity yeah yeah just unity yeah
yeah
