See the day God let men shake hands  
And aloud women to give birth  
Is the day the devil stuck his flag in the ground  
Declared it his turf  
And at night he goes to sleep  
But without closing his eye lids  
Like a junky found dead  
Under the docks of coney island  
And he promises to speak the truth  
Then he lies again

(Chorus)

And aw it's venomous yes, venomous yes  
And no but were talkin' bout the devil  
What have you come to expect

(Have you come to expect)

See there is some kind of upside  
But that sky has yet to tell us  
And it just keeps on rainin' bricks  
And we've forgotten our umbrellas  
Well I guess it's hard to see the devil  
When he's wearing face paint  
If you think you'll see him soon your bound to get  
impatient  
You ain't a saint, you a sinner like us  
You see there ain't no proof that God exists but in God  
we trust

(Chorus)

Venomous yes, venomous yes  
Lord it's so venomous venomous  
Venomous yes  
Venomous yes, venomous yes  
Lord it's so venomous yes  
Venomous yea yea yea

He was spotted yesterday,  
Somebody sound that alarm

He was found dead in his closet  
(With a needle in his a a arm yeah)

(Corus)  
Venomous yes, venomous yes  
Lord it's so ven o mous yes  
Venomous yes, ven o mous
