[Intro]

My beat forever

4 Ever My Beat, 4 Ever My Beat (echoes)

4-4-4-4-4 Ever My...

[Daddy-O]

4 Ever My Beat, this beat is mine forever

The tembo is slow and the rhymes are clever

Me trade this beat? No, I will never, huh

It gets funky at switch of a lever

Some beats are great, this beat is greater

And some are straight, this one is straighter

So get on the floor and forget ya stance

And cruise to the beat that makes you dance

[Delite]

4 Ever My Beat, orchestrated as a treble I rate

Havin' all that it takes, make no mistake

Now we're the band wit the clan that rock every fan

Hit the hoop, after school, fuck, hide the mail

So get down, come on and bust a move

Delite, Daddy-o and Fru' are out to rule

As you some the fun, who are second to none

So let's meet you, the beat of the drum

4 Ever My Beat-a

[Chorus]

4 Ever My

My-My-My-My-My-My beat forever

4-4-4-4 Ever My ("beat" scratched up)

My-My-My-My-My-My beat forever

4-4-4-4 Ever My

My-My-My-My-My-My beat forever

[Frukwan]

4 Ever My Beat, kinda fittin' this beat won't happen

Not even overnight cuz we be slappin' the beat

Like a freak, for the rest of the week

And if you front on stage, baby doll, we make sure it  
cease

That you boogie to the sounds of the drums

Stimulated by the sound of my voice, yea ya ready to  
cum  
Dum-du-dum, and all that crap  
Bring on any rhyme biter, got a T-Boy rap

[Daddy-O]

4 Ever My Beat, if allowed, I'd play it all year  
And if the front was cold, I'd play my beat in the rear  
And if the back had a crack, I use my beat like glue  
And in the can light beef, I use my beat as stu  
My beat is a gem, next to God and the Earth  
And all the earthly treasures couldn't measure it's  
worth  
My beats are Lamborghini, being turned as a car  
And I eat it like a Ritz eat crackers, ya'll  
My beat

[Chorus]

4 Ever My...  
Beat, beat, beat, beat, beat, beat  
My beat forever  
4 Ever My....

[Delite]

4 Ever My Beat, for the record, the jam you selected  
That when we projected, erect it, perfected  
All the way live, yes we in full drive  
No jive when I abide, we have a ride  
Wit a Stet on the set, us you won't forget  
We're leavin' our marks, but cashin' T-Boy checks  
So reflect on the text, check out what's next  
And groove to the sound, that you is next

[Frukwan]

4 Ever My Beat, this fashion, beat got glitter  
The bottom of the ninth, it's the home-run hitter  
Never standin' still, it's the up and go getter  
Huh, you think I'm frontin' then try to get rid of this  
Beat, we'll demolish in a single day  
Strike faster than a magazine, ace/duece tray  
My beat is a death defying feat  
And every mom crack the shell, it's so hard to repeat  
My beat-a

[Chorus]

4 Ever My...  
My-My-My-My-My beat forever  
4 Ever My...  
My-My-My-My-My beat forever  
My-My-My-My-My beat forever

[Daddy-O]

4 Ever My Beat, when it slides up and down the scale  
You would think my beats are graduate from Harvard  
or Yale  
Strappin' other beats five on his way to the top  
Havin' radio stations tune 'em up on the charts  
Rockin' tum-tums, snares and timbalee's too  
Playin' wit Batman, Snuffy and Winnie the Pooh  
I do, I catch flu, as my beats boogaluh  
And I never saw my beat drop a beat on the crew

[Delite]

My beat for ever, wit this I stand  
As a maker of history, across the land  
All though it's true that I'm a babe in the music, then  
It's a fact on the wax I do cedrin  
My beats cut rhyme, makin' you unwind  
Prince Paul is droppin' needles, we right on time  
Wit not a trace of disgrace, cuz his slick, waste  
And the bass orchestra all in ya face

[Frukwan]

4 Ever My Beat, sharp fimilatin', hot like fire  
In blood 'cated, for my peeps desire  
And provide expand to my very last breath  
For that, which is a matter of life and death  
Camouflage this beat and the'll never get learned  
Simmer dark from the beats you've heard  
Blow in other state, when our rhyme regulates  
It's yellow I oppose, so congragulate, 4 Ever My Beat-a

[Outro]

4 Ever My...  
Beat, beat, beat, beat, beat  
My beat forever  
4 Ever My...  
Beat, beat  
My beat forever  
4 Ever My...
