[Chorus: All]

We gonna rock to express, our methods to the catch  
The pitcher at hand here, but we too best  
You see the mark is a charge, the rappers are ours  
So rock from ya lumber, we came here to rock!

[All]

Right about this time!

[Frukwan]

We make ya shake and shiver  
The devastatin' rhymes we can deliver  
And ya sucka M.C.'s, to us ya a minus  
We dominate the charts cuz we are the world finest  
Kings, who sat and heard Doug E. Fresh  
And ya convicted to jail, now here's ya lesson  
Stetsasonic, a name you will never forget

[Daddy-O]

But if you can't say it all!!!

[All]

Just Say Stet!

[Daddy-O]

Never were we meant to be ordinary  
The way we rap is unique and legendary  
Explicitly mapped, Stetsa, terrific  
Permit as a group or should I be specific  
Delite, Daddy-O and the D.B.C.  
Frukwan, and Paul and the Mix Machine  
And I won't fret, if you take it as a threat  
But if you can't say it all!!!

[All]

Just Say Stet!

"Funky" - scratched up

[Delite]

Now when I come wit it, wit style it prolific

No friction to our diction, strictly scientific  
Before we leave, ya ladies will be pleased  
I will shock the house, before I enter at breeze  
Cuz Stetsa means loud, and Sonic means sound  
And this is the name that's gonna be around  
So let the name reflect and get it correct

[Daddy-O]  
But if you can't say it all!!!

[All]  
Just Say Stet!

(scratches)

[Delite]  
Procision on the mix is the kid named Prince  
The one beat king by the cut, he a vicks

[Frukwan]  
And slicker than slick, fresher than fresh  
Mix Machine Wise is sure to bless

[Daddy-O]  
And we're the M.C.'s, that hail from the East

[all]  
Wit the Stetsa-fly, rhyme, masterpiece  
So it's straight to the floor, get ya butts off the wall  
And rock wit Wise, and the one Prince Paul

(Wise beatboxing and Prince Paul scratching)

[Daddy-O] (all)  
And if you find Stetsasonic (hard to pronounce)  
Learn how to say it (and fix yo mouth)  
Cuz that's superstars (we earn respect)  
And go into our head (we won't let)  
Why don't you pay to get in (you won't be upset)  
And if it don't come (we won't fret)  
Stetsasonic a name you will never forget  
But if you can't stay it all (Just Say Stet!)
