Happy happy oh my friend
Blow out candles once again
Leave the presents all inside
Take my hand and let's take a ride

Backwards down the number line
You were eight and I was nine
Do you know what happened then
Do you know why we're still friends

Laughing all these many years
We've pushed through hardships tasted tears
We made a promise one to keep
I can still recite it in my sleep

Every time a birthday comes
Call your friend and sing a song
Or whisper it in to his ears
Or write it down just don't miss a year

You decide what it contains
How long it goes
But this remains
The only rule is it begins
Happy happy oh my friend

You decide what it contains
How long it goes
But this remains
The only rule is it begins

And all my friends come
Backwards down the number line

All my friends come
Backwards down the number line

All my friends come
Backwards down the number line

All my friends

You decide what it contains
How long it goes
But this remains
The only rule is it begins
Happy happy oh my friend

You decide what it contains
How long it goes
But this remains
The only rule is it begins

And all my friends come
Backwards down the number line

All my friends come
Backwards down the number line

All my friends come
Backwards down the number line

All my friends

And all my friends come
Backwards down the number line

All my friends come
Backwards down the number line

All my friends come
Backwards down the number line

All my friends
